

# Getting started in TaskStream

Click on [My Programs](#). Begin with [Resources](#) and link to a sample DRF and a sample Presentation Portfolio. Practice in the program called [Summer 2006 Practice](#).

**My Programs**

**Steps for submitting evidences**

**Bb-like discussion. Click on the Local Discussions tab.**

**Resource = how-to guide with Faculty Tips + Tech Tips**

**Links to Jane's sample products**

The collage consists of several screenshots from the TaskStream interface. The main screenshot shows the 'My Programs Home' page for 'M.S., Family Studies'. It has a left sidebar with navigation links like 'Home', 'Help', 'Index', 'Programs & Resources', 'Web Publication', 'Instructional Design', 'Communications', and 'General'. The main content area shows 'Self-enrollment options', 'Customize this page', and two program entries: 'M.S., Family Studies' and 'Summer 2006 Practice'. Each entry has 'General' and 'Author Options' tabs. The 'Resources' link in the 'General' tab is circled in blue, and the 'Work on DRF' link in the 'Author Options' tab is circled in green. A callout box labeled 'My Programs' points to the 'My Programs' link in the sidebar. Another callout box labeled 'Steps for submitting evidences' points to the 'Work on DRF' link. A third callout box labeled 'Bb-like discussion. Click on the Local Discussions tab.' points to the 'Discussion Board' link in the sidebar. A fourth callout box labeled 'Resource = how-to guide with Faculty Tips + Tech Tips' points to the 'Resources' link in the 'General' tab. A fifth callout box labeled 'Links to Jane's sample products' points to the 'Sample DRF' and 'Sample Web / Presentation Portfolio' links in the 'Web Links' section of a screenshot on the right. The rightmost screenshot shows a 'Web Folio Builder' page for 'M.S., Family Studies' with a 'Next Step' button. Below it is a 'My Programs' page with a 'Program Resources' tab selected, showing a 'M.S., Family Studies Program Resource' page with text about building an ePortfolio and links to sample products.
